Flower Free Crochet Pattern

Make some fabulous flowers with this free crochet pattern. You can use multiple colors of yarn to have a beautiful assortment. Half double crochet and single crochet is used to make these. They make great embellishments.

Crochet Hook: H/8 or 5 mm hook,
J/10 or 6 mm hook

Yarn Weight: (4) Medium
Weight/Worsted Weight and Aran
(16-20 stitches to 4 inches)

1. With center color, Start with a magic ring.
2. Chain 2, make 16 HDC (half double crochets) into the ring and join.
3. Chain 1, make 1 SC (single crochet) in each HDC from previous round. Join.

4. Finish off center color, add in Outer color.
5. Chain 1, make 1 SC in each SC from previous round. Join.
6. *Chain 4, 1SC in next stitch* Repeat all the way around. Join and finish.

You can easily alter the look by increasing the number of SC rows you do in steps 3 and 5. Here's one with an extra row of SC in outer color:

Note: hook size doesn't really matter. I used an H and a J for these. It's another way to alter the look of the flower. If it starts to curl up, just add an extra SC or 2 as you do steps 3 and 5 to make it lie flat.

****Repeat rows 2 and 3 until desired length is reached.****

Update10/18/10: I have had a lot of people requesting simplification of this pattern. So, I am adding a "Super Simplified Version" of this pattern here. This is for the super duper 'beginning' beginner crocheters OR those that just don't "get" what the heck I'm trying to say! LOL :) Also, a clarification on fit: When you are making this, the 24 Wide is how wide this will be from your neck to your waist, not shoulder to shoulder. You are making this as long as you want so that it will wrap around you. I finished my original pattern off @ 5 feet long. You can make yours any length you want.
Happy Crocheting!

In Row 1, after you have chained the 91, you need to single crochet in the second chain from the hook. Then the series of stitches in the () need to be repeated across the length of the beginning chain. They go like this: (chain 3, skip 2 chains, single crochet in the next chain); keep doing this until you get to the very last 2 chains, then chain 3 one more time, skip a chain and single crochet in the last chain. (you should have 30 chain 3 spaces)

Row 2, chain 4 to start your row. (This will count as a double crochet AND a

chain 1). turn your work, (single crochet in the chain 3 from the previous row, chain 1, double crochet in the very next single crochet from the row below, and chain 1 again), Do this series of stitches a total of 39 times, then single crochet in the last chain 3 space from the row below, do one more chain1 and double crochet in the last single crochet. (you should have a total of 31 double crochets in this row)

Row 3, chain 1 to start your row and turn your work. Single crochet in the first double crochet. This will be the stitch that you chained your 1 off of to start your row. Then (chain 3, skip over the next single crochet, the next chain 1 AND the next single crochet*so you will have skipped 2 single crochets and the chain*, you will put a single crochet into the next double crochet) repeat this across the row, then single crochet into the 3rd chain from your chain 4 from the row below.

You will then repeat rows 2 and 3 as many times as it takes for you to achieve the length that you want.

Tips:

- To make smoother transitions from color to color, consider joining with new color in the center stitch of a different peak. This helps to avoid obvious bulkiness where tails are tucked.
- Tuck your tails as you go: the top of the stitches form v's. Go under the v with the tail and pull it up between the two yarns (coming up between them) four to five times, then backtrack two to three times. As you crochet over these stitches, your tail will be securely hidden as you go, and you will not have to go back at the end to tuck in your ends.
