# Colors of the Rainbow Fingerless Gloves

The Colors of the Rainbow Fingerless Gloves are the best simple accessory to wear indoors when you want to add a little bit of extra warmth to your ensemble or if you just want to add some pop of color to your outfit. These easy crochet fingerless gloves are worked up with multiple colors to give it a bright and bold look, but these would look great in any combination of two or more shades. This design is worked in the round and comes in sizes from small child through large adult.

**Skill Level:** Easy

## Materials

- Worsted weight yarn such as Red Heart Super Saver in 2 or more colors
- 5.0 mm (H-8) crochet hook or size needed to obtain the gauge
- Yarn needle for weaving in ends

## Pattern Notes

Gloves are worked from the cuff up; make the foundation chain loosely to allow for stretching. Change color on every BACK POST round; carry the yarn inside the glove or fasten off, whichever you prefer.

Starting chain does NOT count as a stitch.

Each round is started in the same stitch as your starting chain, unless directed otherwise.

The end of each round is joined by slip stitching in the first hdc of the round, not the starting chain.

# Colorful Quick Mat

by [Michael Sellick from The Crochet Crowd](#)

The Colorful Quick Mat is a great project for all you scrap savers out there. Using a thick chunky acrylic yarn and the double crochet stitch along with the cluster stitch you can have this mat made in no time. Decorate your floor and greet your guests in style.

**Skill Level:** Easy

## Materials

- Size K Crochet Hook, 6.5 MM
- 2 Balls of 5 oz or 140 g

## Pattern

### Disclaimer

I have no idea what yarn was used in this. I picked up this thick chunky 100% acrylic yarn in a discount bin. To match this, you would need 2 strands of 4 ply acrylic mixed together. If you can get two strands that have a slow transition of colour, you can pull off the same look of what you see. The repeat of the pattern is every other line. Each circle you see is a combination of 2 lines together. One line is the under side of the circle and the next line is the over side. I say this because if you want to have solid colour circles, then you may be interested to know where to change colours to achieve this look. To help you, I will post below a close up of all four corners. This will help you with your final rotation around the mat to see where the stitches are going.

### **HELP Below for the circles (bottom of circles as seen in this pattern)**

**CL** - Cluster (Begin double crochet as normal and stopping one step before finalizing the stitch. This will keep the loops adding onto the crochet hook. For this pattern, you will end up with a total of 8 loops before pulling the yarn through all loops to form the under side of the circle.) This has multiple sets of 10. There are 8 sets of 10 stitches in this pattern. If you want a larger or smaller mat, reduce the stitch sets or add more stitch sets. At the end of the desired length of chain, add 3 extra chains.

### Instructions

Use 2 strands of yarn at the same time to increase the thickness of yarn. Pattern below is for the identical version for what is seen in this picture. You can use this pattern for a throw, afghan or any other creative idea you may have. Change colours as you want to.

1. CH 83
2. CH 1, SC in stitch 2nd from hook, SC in next. \*SKIP 2 stitches, 7 DC into the next stitch. SKIP 2 Stitches, 1 SC into the next three stitches, Repeat from \*. Very End of line will finish with only 2 SC's in a row and not three. Turn.

3. If desired, this is where you would change your colour to ensure the circles stay the same colours if desired. If pulling off the same effect you see in my pictures, don't worry about it and carry on.
4. Ch 3, Form CL with only 3 DC's. This creates a partial circle on the edging that is required. CH 2, 1 SC into the next three stitches. \*CH 3, CL using the next 7 stitches together, (you will have 8 loops on your hook before forming the cluster.) SC the next three stitches which is over the circle in the line below, Repeat from \* all the way across until the final partial circle. End of line will finish off with a partial cluster by CH 3, CL using next 3 Stitches. Turn
5. CH 3, 3 DC into the same stitch under the CH 3. \*SC in each of the next three stitches (where SC's are in the line under it). 7 DC's into the centre of the circle in the line below. Repeat from \* all the way across. Finish the final partial circle with 4 DC's into the centre of the partial circle on the end. Turn.
6. If desired, this is where you change the colour again if wanting solid colour circles.
7. CH 1, 1 SC into the first two stitches. \*CH 3, CL the next 7 Stitches Together, CH 2, 1 SC into each of the next three Stitches. Repeat from \*. Final will end with only 2 single crochets in a row to match the starting side.
8. Repeat lines 2 - 7. There are a total of 12 complete circles working up the mat in a zig zag formation. First line is a partial and you will finish using a partial so both starting and ending lines leave a flat edge. There will be a total of 13 circles shown after finishing the borders.
9. Repeat line 2 for the border colour. If wanting a new colour this is where you will add it in. This will be the same colour all the way around the mat. DO NOT TURN AROUND MAT WHEN COMPLETED. We are going to continue working in the same direction all the way around.

### **Border Edge**

1. DO NOT TURN. LOOK AT CORNER 1 Picture. Immediately \*7 DC's into the centre as you clearly see on your mat in between the two rows. Then 2 SC in a row only where the SC's are seen between the rows. Then repeat from \* all the way down. At corner, place 3 SC's at the very end stitch to allow materials to turn.
2. LOOK AT CORNER 2 Below Picture, 1 SC into the 2nd Stitch over, then \*7 DC's into the centre as you clearly see. Then 2 SC in a row where the SC's are seen between the rows to the next corner. Finish off line with 1 SC 2nd stitch in, final stitch gets 3 SC's.
3. By this point, you can see what I am trying to get you to do with your stitches to make them even and consistent all the way around.
4. LOOK AT CORNER 3 Below Picture, 7 DC's into the next centre as you clearly see. Final stitch gets 3 SC's to be able to turn the corner.
5. LOOK AT CORNER 4 Below Picture, Repeat step 3. Then fasten off and weave in ends.

# Any Season Shawl

by [Vicky Pietz from patternprincess.com](http://www.patternprincess.com)

This Any Season Shawl is an easy asymmetrical crochet shawl made from just one skein of yarn. If you are looking for a shawl in a ball pattern, here is one to add to your crochet pattern library. Today I used one skein of Lion Brand Shawl in a Ball Restful Rainbow. This pattern starts off with an initial 12 rows of crochet. After that, rows 9-12 are repeated until the desired length and width is reached or the skein of yarn is gone. This is an asymmetrical shawl; therefore, the increase is only done on one side of the shawl. Couple the beautiful skein of yarn with an easy crochet pattern. The rainbow of colors in this shawl make it the perfect accessory for any number of fashion styles. It is great worn with weekend wear, going out to dinner with family and friends, and work.

# Colors of the Rainbow Earflap Beanie

by [Janaya Chouinard](http://JanayaChouinard.com) for [allfreecrochet.com](http://allfreecrochet.com)

Crochet this hat pattern with every color of the rainbow for an instant pick-me-up this holiday season. This brightly colored winter crochet hat uses six different shades of yarn, so there are a few simple color changes involved. Otherwise, this pattern uses very simple stitches and is worked in the round, making it fast and easy to make. Sizes are included for sizes preemie through adult, and the color combination can always be switched up as needed, so you can stick with the rainbow pattern or go with a different option as a gift for someone else.

**Skill Level:** Easy

## Materials

- K/10.5 or 6.5 mm hook
- Yarn Weight: (4) Medium Weight/Worsted Weight and Aran (16-20 stitches to 4 inches)
- Scissors
- Yarn needle

## Pattern Notes

Starting chain of each round does NOT count as a stitch.

Each round is started in the same stitch as your starting chain.

The end of each round is joined by slip stitching in the first stitch of the round, not the starting chain.

Back Post Increase: For a less bulky increase, work a regular HDC into the base of the BPhdc (the strand that goes around the post of the stitch below).

Change color on every Back Post round; carry the yarn inside the hat or fasten off, whichever you prefer.

# Colored Squares Potholder

by [Doni Speigle from Whiskers & Wool](#)

Although we love the bright colors used for this crochet pattern, feel free to customize this Colored Squares Potholder to match your kitchen decor. Use worsted weight yarn and a G hook to complete this free crochet pattern. It's a great gift for new homeowners.

**Skill Level:** Easy

## Materials

- Worsted Weight Cotton Yarn: 1 ball white – 2.5 oz., 7 yds green, 18 yds orange, 7 yds yellow, 7 yds blue
- Size G Crochet Hook
- Yarn Needle
- 1" Cabone Ring

## Pattern Notes

**Following Color Charts:** When following a color chart, each square represents one single crochet. Each piece will have a wrong side and a right side, the right side being the side that will show. Work all the right side rows by following the color chart from right to left and work all the wrong side rows by following the color chart from left to right. Each row number on the chart will have an "R" beside it to indicate a right side row, or a "W" beside it to indicate a wrong side row. Ch 1, turn at the end of each row.

**Changing Colors:** To change colors: when completing the stitch prior to the start of a new color, complete the stitch through until the last yo (yarn over). On the last yo, pick up new color, yo and pull through loops to complete stitch. You now have the new color on the hook and are ready to continue stitching.

## Pattern

Using Row Count Instructions: To use row counts, the number of stitches is followed by the color abbreviation. For example if a row reads 5W, 3B, 4W, 11B, 7W. This means with white, sc in the first 5 stitches, change to blue and sc in next three stitches, change to white and sc in next four stitches, change to blue and sc in next 11 stitches, change to white and sc in last 7 sts. Ch 1, turn at the end of each row.

## Pattern Notes

**Changing Colors:** To change colors: when completing the stitch prior to the start of a new color, complete the stitch through until the last yo (yarn over). On the last yo, pick up new color, yo and pull through loops to complete stitch. You now have the new color on the hook and are ready to continue stitching.

**Following Color Charts:** When following a color chart, each square represents one sc. Work all odd numbered rows by following the chart from right to left and work all even numbered rows by following the chart from left to right. Ch 1, turn at the end of each row.

**Using Row Count Instructions:** To use row counts, the number of stitches are followed by the color abbreviation. For example: Row 1 reads 2W, 2G, 2W, 2G, 2W, 2G. This means with white, sc in the first 2 stitches, change to green and sc in next 2 stitches, change to white, and sc in next 2 sts, etc. Ch 1, turn at the end of each row.

**Coaster:** Instructions are written for the green coaster. With white, ch 13, sc in 2nd ch from hook, continue by following either the color chart or the row count instructions below. When complete, end off and weave in ends.

**Border:** With green, join with sl st in any st, ch 1, sc in same st and in each st around, with 3 sc in each corner st. End off, weave in ends.

**Finishing (optional):** I choose to stitch my coaster letting the unused color “strand” across the back. To cover this, I made a backing piece out of felt. Cut a square piece of white felt 3 ¼” x 3 ½”. Trim to round off each corner. Use sewing thread and needle to whip stitch felt piece to back of coaster.

# Fabulous Fish Dishcloth

by [Jennifer Dickerson from Fiber Flux](#)

The bright and bold colors of this Fabulous Fish Dishcloth makes this the perfect crochet pattern for summer. It can be used as either a dishcloth, coaster, or trivet. This would make a great hostess gift. Plus, it's also a great stash buster project.

**Skill Level:** Easy

## Materials

- H Crochet Hook (5.0 mm)
- Small amounts of cotton yarn (I used Peaches n' Creme solids in apple green, pink, and peacock)
- Tapestry needle for weaving in ends

## Pattern

To begin, start with a basic round:

**Foundation:** Chain 6 and slip stitch into the first chain to form a ring.

**Round 1:** Make 12 dc into center of ring, join with a sl st to join round.

**Round 2:** Ch 2, \*2 dc into the next stitch, repeat from \* to end of round.

**Round 3:** Ch 2, \*1 dc into next stitch, ch 1, repeat from \* to end of round.

**Round 4:** Ch 2 \*2 dc into the next stitch, repeat from \* to end of round.

Fasten off...now time to begin the tail...

To make the tail, choose a starting point (anywhere you like), tie on your tail color, and make 1 sc in each of the next 9 spaces, here's what it will look like below...then chain 3 and turn.

Work 1 dc in first space, 2 dc in next space, 1 dc in next space and so on in this sequence until you come to the last space, then ch 3 and turn. Repeat for the next row (omitting the ch 3 and turn part) and fasten off...voila! A tail!

To make the lips, flip your fish over so that the wrong side/back side is facing. Then I simply folded the green circle in half and found my center across from the tail (if you want to be more precise than that you could count the stitches to find your center). Again, this part will be on the "wrong" or back side of the green circle.

The foundation of our lips will be 4 sc wide, so after you find your center, hop over two spaces to the right and tie your lip color on (as shown above) Remember we will be stitching from right to left to place accordingly.

Important! We will be making our sc row on the back side/wrong side of the circle, so be sure that the placement of your knot looks like this when it is flipped over,

Here's what it looks like unfolded and on the back side/wrong side,

Now, working from right to left, sc in each space 4 times as shown.

Now flip your fish back over to the front side/right side, and in the first sc space, ch 4 and work 4 dc all in the same space. In the next space, work 1 sc, and in the next space work, 5 dc. Fasten off...and now you have cute fish lips!

The fins are worked the same way we did the tail, but are just a little smaller. To work the fins, I folded the circle to find my center (as I did before) and working right to left, did 5 sc, turn, ch 3 and work 1 dc in the first space, 2 dc in next space, 1 dc in next space and so on in this sequence until you come to the last space, then ch 3 and turn. Repeat for the next row (omitting the ch 3 and turn part) and fasten off.

Repeat for the other fin, fasten off, weave in the ends, and you're all finished!
